Thank You, Iris Friends!

With this—our 1951 Iris Catalog—we send our "Thanks" to the many old and new customers we were able to serve this past year. We were sorry to disappoint so many this last year but we could not anticipate the many fine orders that we received from you, and as a result we had to turn down many orders due to lack of stock.

We have again increased the size of our gardens, but we urge you to send your orders to us early.

Our blooming season starts about the middle of May and we will be happy to have you pay us a visit at that time.

John H. Marble

FINE IRISES FOR 1951

ALTA CALIFORNIA

EXPLANATION OF TERMS USED

Plicata—Stitched or stippled on white or yellow background.

Blend—Two or more colors blended together.

Bi-color—A two-color iris.

Self—Standards and falls are same color.

Texture—Sheen or finish of petals.

Substance—Thickness of petals.

Standards—Are the upright petals.

Falls—Are the lower or down falling petals.

A.I.S.—Is American Iris Society.

A.M.—Award of Merit.

H.M.—Honorable Mention by A.I.S.

The average height in inches is expressed thus "42 in." E. is early, M. midseason, L. late. The haft of the flower is that portion of the petals where they join the stalk.

Dykes Medal—The Dykes Medal is awarded to only one extra good new iris each year by the A.I.S. To win this high honor an iris must first win an H.M., then if it is good enough it may win an A.M., but to win the coveted D.M. it must still rate higher in the opinion of the judges of the A.I.S. than any other iris that has won the H.M. and A.M. When these most critical judges award the Dykes Medal to an iris we may be sure that iris is nearly perfect. These super iris may sell at from \$10 to \$25 or more each when first introduced. Many of our plants have won these awards, a few of which we have mentioned.

ABELARD: 30 in. Very early, first of the taller varieties. Standards are rosy-fawn; falls rich velvety mahogany, visual effect bright mahogany red. **Each 40c; 3 for \$1.00**

ACTION FRONT (Cook 1942): 36 in. E.M. The flowers are very large with broad petals of deep mahogany red with yellow beard. Vigorous grower with strong stalks. **Each \$1.00; 3 for \$2.50**

ADVENTURE (Grant 1941): M. 36 in. H.M., A.I.S. A very large cream and raspberry-cinnamon plicata with broad standards and wide flaring falls. This iris is sure to please. **Each 75c; 3 for \$2.00**

AKBAR (Dykes): 40 in. An English Challenge Cup and Silver Medal Winner. Standards are violet shaded bronze and the falls a rich velvety pansy-violet. A huge flower of perfect proportions. **Each 40c; 3 for \$1.00**

ALASTOR (Spender 1940): EM. 36 in. A beautiful flower of deep pink with a bright orange beard and a golden brown haft. Imported from England. **Each 60c; 3 for \$1.50**

ALICE HARDING: 40 in. Awarded the Dykes Memorial Medal in France. A magnificent large primrose yellow with a smooth satiny texture on tall tree branched stems. Good bloomer. **Each 40c; 3 for \$1.00**

ALINE: 32 in. A gorgeous pure rich sky-blue of uniform color throughout. It is unusual and a very fine grower. An iris that is ideal for a background. **Each 50c; 3 for \$1.25**

ALLEPPO PLAIN (Sass 1941): M. 36 in. An outstanding plicata of cream-white background with large flowers on fine branched stems. **Each \$1.50; 3 for \$3.75**

ALLUMEUSE (Gage 1948): M. 40 in. Standards are orchid-blue and violet with mahogany red falls and deep gold throat and beard. **Each 50c; 3 for \$1.25**

AL-LU-WE (Sass): 40 in. Delightfully ruffled standards which look like pure molten metallic bronze with brilliant red-toned falls, shading to a bronze border to match the standards. Blooms extra late and grows very tall. **Each 40c; 3 for \$1.00**

ALTA CALIFORNIA: 48 in. The tallest and one of the finest yellow irises. Free flowering, clear, deep yellow, with falls faintly bronzed. Limited supply. **Each 50c; 3 for \$1.25**

ALWAYS (White 1937): M. 36 in. Very attractive large flowers of white plicata with a rose stitching. This iris is well branched and is a vigorous grower. Well marked. **Each 50c; 3 for \$1.25**

ALZA HOLA (Snyder 1941): M. 38 in. This iris has large white and powder blue blossoms with standards tipped in gold and the falls edged in gold. The flowers are large and well branched. **Each 75c; 3 for \$2.00**

AMANDINE (Douglas 1946): ML. 36 in. A very unusual cool cream self with a lemon tinge beautifully formed and delightfully ruffled. Although the blooms appear to be fragile its amazing substance withstands very severe weather. Winner of the President's Cup in 1948. **Each \$5.00**

AMBERWOOD (Kirkland 1941): M. 38 in. A well named iris of blending light tan to deeper copper shades. This slightly fragrant iris should be in everyone's garden. **Each 75c; 3 for \$2.00**

AMIGO (Williamson 1934): E.M. 38 in. One of the most popular irises, having light lavender standards and velvety purple falls edged with lavender. An excellent iris for the border as it is one of the richest colored of all irises. A 1947 winner. A.M. A.I.S., 1938. **Each 50c; 3 for \$1.25**

AMRITA: 36 in. A beautiful blue bi-color. Strong, vigorous iris—a good background for your garden **Each 40c; 3 for \$1.00**

AND THOU (Graves 1942): M. 40 in. A self of palest wedgwood-blue, with a deeper blue flush in the center of the bloom. The beard is a deep blue, tipped with white. The stalks are strong with good branching bearing large rounded flowers. **Each \$1.00; 3 for \$2.50**

ANGELUS (Egel. 1937): L. 36 in. One of the finest orchid pinks. The flowers are broad, the texture heavy and the spacing and branching good. The color is very clear and it is a show iris in every way. Blooms very late. **Each 50c; 3 for \$1.25**

ANITRA (Sass): Beautifully shaped pale blue and of great size; splendid form, very fragrant. When first introduced it sold for \$15.00. **Each 40c; 3 for \$1.00**

ANNA WILLIAMSON (Cook 1946): M. 36 in. H.M., A.I.S. Bright pink bi-color unlike other pinks. Blooms are large with a suffusion of cream at haft that brings out the rosy color. We recommended this iris. **Each \$2.00; 3 for \$5.00**

ANNE NEWHARD (Weisner 1940) : L. 38 in. A beautiful iris with hyacinth blue standards and falls of deep blue purple. The branching is excellent and the flowers well spaced. It is vigorous and increases rapidly. **Each 50c; 3 for \$1.25**

ANN SHERIDAN (Taylor 1945) : E. 40 in. An empire yellow iris with an orange beard that withstands the hot sun. It is tall well branched, beautifully formed and of good substance. **Each 50c; 3 for \$1.25**

APRICOT (Kleinsorge 1938) : M. 36 in. This iris fully justifies its name. It is a solid color throughout—a uniform golden apricot self. The individual flowers are of medium to large size, with a slight fluting and ruffling in both standards and falls. **Each 50c; 3 for \$1.25**

ARAB CHIEF (Whiting 1944) : VL. 38 in. A brilliant iris of copper leaf henna or Venetian red. The pure cadmium beard and metallic overlay at the haft give it radiance. The plants are strong and prolific but rather high branched. **Each \$1.00; 3 for \$2.50**

ARCTIC (Kleinsorge 1940) : M. 40 in. A warm creamy white iris with ruffled standards and broad falls. A.M., A.I.S., 1942. This iris has perfect form and is one of the most beautiful iris in our gardens. **Each 50c; 3 for \$1.25**

ARETHUSA (Gage 1937) : M. 40 in. Daphne red flowers of unusual tints and a gold brown haft. **Each 50c; 3 for \$1.25**

ARGUS-PHEASANT (DeForest 1948) : M. 38 in. H.M. Described by the introducer as large flowers of smooth bright golden argus brown with self beard. In our opinion this is one of the finest iris recently introduced. A very limited supply. **Each \$15.00**

ARIANE (Cayeux 1935) : M. 36 in. An imported French plicata. The blue and white blending gives this iris a distinct coloring that is much admired in all gardens. The fine large flowers bloom abundantly. **Each 60c; 3 for \$1.50**

ASIA (Yeld 1920) : M. 36 in. A soft blend iris with a cinnamon fragrance that was given the Award of Merit by the Royal Horticultural Society of England. Large flowers and perfect form. **Each 40c; 3 for \$1.00**

ATTY EUGENIA (Snow) : Honorable Mention by the A.I.S. Large soft yellow blooms on strong 36 in. stalks. **Each 40c; 3 for \$1.00**

AZTEC COPPER (Kleinsorge 1939) : M. 38 in. H.M., A.I.S. This smoky blend of violet and copper blended together is very difficult to describe. It is very unusual and grows to exceptional size with fine branching. **Each \$1.00; 3 for \$2.50**

AZURE SKIES (Pattison 1943) : M.L. 34 in. The pale azure blue flowers are beautifully ruffled and have domed standards and flaring falls, white beard and wide haft. Ninth place of the 100

best irises in 1947. A.M., A.I.S., 1945. **Each \$1.00; 3 for \$2.50**
BACHELOR GIRL (Callis 1941) : L. 30 in. A white plicata, penciled old-rose. The color is rich and the substance heavy. The flowers have a tendency to bunch. It has the fragrance of sweet peas. **Each 50c; 3 for \$1.25**

BALLERINE (Vilm. 1920) : M. 36 in. A very fragrant and one of the most popular of the light blue toned varieties. The erect standards and straight hanging falls give a fine garden effect. **Each 50c; 3 for \$1.25**

BALLET GIRL (Sass 1935) : M. 36 in. Pure blush pink, soft and daintily colored, with large rounded flaring falls. The very delicate shade of pink resembles the shade of pink found in sweet peas. **Each 50c; 3 for \$1.25**

BANDMASTER (Hall 1944) : M. 38 in. Very large flowers of powder blue, borne on strong stalks. A vigorous grower and a free bloomer. A very popular iris of heavy stems and excellent foliage. H.M., A.I.S., 1944. **Each \$1.00; 3 for \$2.50**

BEAU SABREUR (Williamson) : E. 34 in. The standards of this distinctive iris are amber and the falls a Van Dyke red. Our stock is very limited and it should be ordered early. **Each 60c; 3 for \$1.50**

BERKELEY GOLD (Salbach 1942) : M.L. 36 in. An unusually fine iris of brilliant deep yellow with fine finish, form and splendid stalks. One of the best. Is in thirteenth place in the Iris Symposium and certainly one of the best yellows. A.M., A.I.S., 1946. **Each 75c; 3 for \$2.00**

BERMUDA SAND (Hall 1939) : M. 36 in. A light coffee tan colored iris with nicely ruffled petals flushed gold. A strong grower with good stalks. **Each \$1.00; 3 for \$2.50**

BUECHLEY'S GIANT (Buechley 1932) : M. 38 in. This iris is said to have the perfect form of Frieda Mohr and the clean blue-lavender of Lord of June. It is one of the giant sized iris with extra heavy stalks. **Each 40c; 3 for \$1.00**

BEVERLY (Lapham 1939) : M. 32 in. The large well shaped flowers of deep pink have a distinct golden brown edge, and a yellow beard. It blooms freely. **Each \$1.00; 3 for \$2.50**

BIRCHBARK (Kleinsorge 1940) : M. 36 in. A cool clear white with broad spreading falls flaring downward producing a rounded shape. Grows to a medium height with excellent branching. **Each 50c; 3 for \$1.25**

BILLOWY SEA (Norton 1944) : M. 38 in. A seedling of Great Lakes with fine large flowers of clear frosty light blue that will cause much comment in your garden. **Each \$2.00; 3 for \$5.00**

AMIGO

ARCTIC

AZTEC COPPER

BLACK AND GOLD (Kleinsorge 1943): M. 36 in. Standards of deep rich chrome or near gold with black maroon falls. The flowers are of excellent substance and is one of the most striking varieties we have seen. **Each \$1.00; 3 for \$2.50**

BLACK FOREST (Schreiner): Described by the originator as "Black as Pitch". A very intense ebony with a blackish beard, medium in height and well proportioned. **Each \$2.00; 3 for \$5.00**

BLUE HILL (Sass): 49 in. Honorable Mention by the American Iris Society. A huge blue flower and winner of the Dykes Medal for 1937. **Each 40c; 3 for \$1.00**

BLUE MONARCH (Sass): 40 in. Honorable Mention by the A.I.S. A magnificent soft blue of gigantic size, up to 15 flowers on a stem. A good all around performer in the light blue class—easy growing. **Each 40c; 3 for \$1.00**

BRYCE CANYON

BROWN THRASHER (Kirkland 1941): M. 34 in. Medium sized flowers of glistening golden brown. The coloring is very smooth and it is one of the top notch brown irises. A.M., A.I.S. 1943. **Each \$1.25; 3 for \$4.00**

BRYCE CANYON (Kleinsorge): A new creation in copper and henna with a golden yellow beard and gold veining on upper part of the falls. In 1945 this iris was awarded honorable mention and in 1947 was given the Award of Merit. **Each \$2.50; 3 for \$6.50**

BUCKSKIN (Kleinsorge 1939): M.L. 36 in. Large flowers of a pleasing tan shade. The standards are closed and the falls wide and flaring. This iris often reaches a height of four feet and is an excellent bloomer. **Each 40c; 3 for \$1.00**

BUFFAWN (Andrews 1940): M. 34 in. This is a lovely iris of light tan color. The standards are frilled and the falls have gold veining. The beard is a brilliant tangerine color. **Each 50c; 3 for \$1.25**

BURMESE GOLD (Whiting 1945): M. 36. A warm and glowing blend of pink and gold. The colors are so smoothly combined over the whole flower that it seems a self. It is very effective as a clump in the garden and the branching is not wide. **Each \$2.00; 3 for \$5.00**

BURNING BRONZE (Ayres 1934): A dark but blazing red flower of great size and one which has established a favorable name for itself these past several seasons. It is unlike other reds as it has a bronzy finish and is very distinctive. **Each 50c; 3 for \$1.25**

BURGUNDY ROSE (Hall 1946): E.M. 34 in. Amethyst colored flowers that are large and ruffled and carried on strong well-balanced stalks. This vigorous iris is well named and has great garden value. **Each \$2.50; 3 for \$6.50**

BUTTERCUP LANE (Hall 1941): M. 30 in. A clear brilliant yellow iris with closed standards and semi-flaring falls. Standards and falls are heavily ruffled. Free flowering. H.M., A.I.S. **Each 50c; 3 for \$1.25**

BLUE SHIMMER

BLUE RHYTHM (Whiting): This iris was in second place in 1950. It is a cornflower blue and as blue as any iris can be. It has excellent growing habits and is a fine bloomer on widely branched stems. **Each \$3.00; 3 for \$7.50**

BLUE SHIMMER (J. Sass 1942): M. 36 in. This is one of the finest white plicatas. The crisp enameled white is peppered and polka dotted with clearest blue, the flowers are of fine form and the stalks well branched. One of the outstanding and most desirable irises in this class. Judged fourth of the 100 best irises in 1950. A.M., A.I.S., 1944. **Each \$1.00; 3 for \$2.50**

BLUE TRIUMPH (Grinter): A very pale blue with soft, even tone and heavy substance. Grows to a height of 42 in. and received Honorable Mention by the American Iris Society. **Each 40c; 3 for \$1.00**

BLUE VALLEY (K. Smith): A wonderful true blue with standards that are domed, broad and fluted at the edges. The falls are ruffled, flaring and very impressive. **Each \$7.50**

BLUE ZENITH (Whiting 1942): M. 40 in. A clear sky blue self of large size, slightly ruffled. An excellent iris of good height and branching. We can recommend this iris as being very hardy and of vigorous and prolific growth. **Each 60c; 3 for \$1.50**

CALCUTTA (Kleinsorge 1938): M. 48 in. A tall, imposing flower in soft cocoa-brown tones, the falls overlaid blue with flecks of golden brown. It is an excellent grower widely branched and often has more than a dozen blooms on a stalk.

Each 60c; 3 for \$1.50

CALIFORNIA GOLD (Mohr-Mitch. 1933): M. 36 in. In every way this is one of the best yellows. It is a strong grower, free blooming and increases rapidly. The color is a rich golden yellow.

Each 40c; 3 for \$1.00

CALIFORNIA PEACH (Salbach 1941): E.M. 38 in. The broad petals of the standards are soft golden rose, and the falls of salmon apricot with a tint of lavender in the center. The stalks branch widely. H.M., A.I.S. 1941.

Each 50c; 3 for \$1.25

CAPTAIN WELLS (Cook 1941): M.L. 36 in. A deep maroon red and purple flower that is rich in appearance with no markings at the haft and the beard is a bronzy yellow.

Each 75c; 3 for \$2.00

CARLSBAD CAVERNS (Wilson 1946): L. 36 in. A rich gold and creamy lemon flower with ruffled standards and white falls pencil streaked with gold. The haft and beard are of gold, setting this iris in a class by itself. A good iris.

Each \$1.50; 3 for \$3.75

CARNIVAL PARADE (Sass 1946): L. 38 in. A beautiful yellow plicata with dark rose top on standards of light yellow and a blaze of gold in the center of the dark rose falls. These large flowers bloom later than most others in our garden.

Each \$2.00

CAROLINE BURR (K. Smith 1940): M. 49 in. The light ivory self is overlaid with pale chartreuse. Form and substance is excellent. Awarded honorable mention by A.I.S.

Each 75c; 3 for \$2.00

CASA MORENA (DeForest 1943): M. 36 in. Very large rich flowers of chestnut brown that glisten with a red tone in sunlight. We strongly recommend this flower. A 1947 winner. A.M., A.I.S.

Each \$2.00; 3 for \$5.00

CASA MORENA

BUFFAWN

BLUE RHYTHM

CHAMOIS

COPPER LUSTRE (Page 10)

CASCADE SPLENDOR (Kleinsorge): A very impressive, colorful, crimped flower of blended pink, apricot and tan. The orange beard sets this bloom into a class by itself. The flowers are nicely formed, and it has received honorable mention and the Award of Merit from the American Iris Society. **Each \$2.50**

CEDAR ROSE (Whiting 1941): M. 36 in. A rosy red self with a brown infusion. The introducer says that it is one of the finest iris to be introduced as it is so well branched. A vigorous grower. **Each 75c; 3 for \$2.00**

CHAMOIS (Kleinsorge): An exceptionally large pure chamois in color with flowers that are beautifully formed; both standards and falls waved at the edges. There are no veinings or markings on this iris and it is distinctly different. **Each \$3.50**

CHANTILLY (Hall): A rare crinkled flower of lavender flushed with old gold. Both standards and falls are heavily ruffled. Strong stalks and good branching. **Each \$2.00**

CHEERIO (Ayres 1934): E. 38 in. This is a very popular red bi-color of good form, size and growing habits. The name indicates its charm. **Each 40c; 3 for \$1.00**

CHERIE

CHERIE (Hall 1945): M. 34 in. H.M., A.I.S. A fine large ruffled flamingo pink with a deep tangerine beard. A vigorous grower and good increaser. Well branched and flowers set on sturdy stems. It is one of the best of the "flamingo pinks". **Each \$15.00**

CHICORY BLUE (Douglas 1942): EM. 48 in. A large blue self with closely domed standards and a slight ruffle at the edge. The excellent growing habits of this fine chicory blue iris makes it a favorite in all gardens. **Each \$1.50; 3 for \$3.75**

CHINA BOY (Milliken 1936): M. 36 in. Huge flowers of rich red bronze, toned with shades of brown and carried on tall stems. It is greatly admired in all gardens, is an iris to be remembered. **Each 50c; 3 for \$1.25**

CHINA LADY (Milliken): A translucent glistening ivory with fine substance and a brilliant beard. There is a golden glow sent out from the heart of the flower that blooms on long sturdy stems and has excellent substance. **Each \$1.00; 3 for \$2.50**

CHINA MAID (Milliken 1936): M. 38 in. A very vigorous grower producing lots of big luscious pink flowers. There are slight copper and gold tones but the general color is pink. A.M., A.I.S. **Each 75c; 3 for \$2.00**

CHINA ROSE (Salbach 1934): E. 30 in. The color of this iris is best described as orchid rose with soft delicate pinkish standards that blend with the deeper falls. It blooms early and continues to bloom throughout the season. **Each 50c; 3 for \$1.25**

CHIPPEWA (Salbach 1943): A fine plicata in deep yellow tones. The standards are clear deep yellow with a slight brown marking near the haft. The falls pinard yellow, very heavily suffused and dotted brown. The beard is a strong yellow and has a slight dash of cream in the center of the falls. **Each 50c; 3 for \$1.25**

CHIVALRY

CHIVALRY (Wells): A very fine medium metallic blue, slightly ruffled. Judged the best iris in 1950 by the judges of the A.I.S. **Each \$5.00**

CHLORIS: 40 in. Soft yellow with a delicate orchid and soft blue overlay. Very unusual soft pastel blend with a vivid orange beard in striking contrast and a golden hue at the throat. Very orchid like. **Each 40c; 3 for \$1.00**

CHRISTABEL (Lapham 1936): M. 49 in. Almost a self in color, the garden effect is a brilliant red. The flowers are large, smoothly finished and bloom freely. H.M., A.I.S. 1947. A.M. 1938. **Each 50c; 3 for \$1.25**

CININNATI: 42 in. Pure snow white with soft lemon throat markings. Perfect flaring form and stately bearing. Very fragrant. **Each 40c; 3 for \$1.00**

CITY OF LINCOLN (H. P. Sass 1936): M. 42 in. Very large and very bright. The standards are clear golden yellow. The falls broad and fiery red. The branching is good and it is vigorous and hardy. A very striking Variegata. H.M., A.I.S., 1939. **Each 50c; 3 for \$1.25**

CLARABEL: 43 in. A medium white plicata edged in soft blue. One of the early bloomers. **Each 40c; 3 for \$1.00**

CLOTH OF GOLD

CLARA NOYES (Sass 1930): M. 36 in. This lovely warm blend from the Sass gardens has the coloring of a medley of peach and apricot tones, suggesting the rich and brilliant blendings of the rose "Talisman". It is a beautiful novelty and stock is limited. **Each 50c; 3 for \$1.25**

CLOTH OF GOLD (Whiting 1945): M. 38 in. Here is an iris we are proud to recommend. It has a bright but deep golden yellow self. The flowers are broad and flaring, smoothly finished on excellent branched stalks. Very popular and always attracts immediate attention. **Each \$1.50; 3 for \$3.75**

CLOUD CASTLE (Graves 1949): M. 37 in. An extraordinarily wide petaled and heavily ruffled iris of pale wisteria blue. The standards are broad and domed with a fluting at the edge. The ruffled falls are wide and flaring. **Each \$3.00; 3 for \$7.50**

COLOR CARNIVAL (DeForest 1949): M. 36 in. More pink than Spindrift with a bright purplish area on the haft and extending onto the falls the length of the bright tangerine beard. The form is good and the substance of startling color contrast. To say that this iris is unusual is to put it mildly. **Each \$10.00**

COLUMBINE (Murrell): A clear dazzling white iris that was awarded a silver Medal by the Iris Society of England. It is of large form on tall erect stems and is distinct from all other white irises. **Each 40c; 3 for \$1.00**

CONFETTI (Schreiner 1949): EM. 38 in. Described by the introducer as a most unusual pink plicata. The flowers are large and the substance heavy. The markings are pink on creamy white. **Each \$7.50**

FAIR ELAINE

COSETTE (Sass): 26 in. A very early iris. Awarded Honorable Mention by the American Iris Society. One of the best of the early white irises. Large flowers of perfect form, snowing withers and a prodigious bloomer. **Each 40c; 3 for \$1.00**

COURTIER (Hall 1944): 30 in. The deepest in color of the flamingo pinks. The color is outstanding and while it is not as large as Cherie it has sturdy stems and the branching is good. The tangerine beard is prominent and the iris hardy. **Each \$3.50**

CREAM GOLD (Muhlestein 1947): M. 36 in. Standards of yellow and ivory white falls with a slight edging of yellow. The finish is enamel like and leaves nothing to be desired in an iris. **Each 75c; 3 for \$2.00**

CRYSORO (Nicholls 1931): A fine deep orange yellow that will be an addition to your garden. In our gardens this iris blooms early in the spring and again in the fall. Due to the deep coloring it is different than other iris. **Each 50c; 3 for \$1.25**

CRYSTAL BEAUTY: 40 in. Very early and very tall. A gorgeous clear pure snow white of huge size on stalks that are stately. **DON'T MISS THIS ONE!** **Each 40c; 3 for \$1.00**

DAINTY BESS: This iris is almost a dwarf as it grows to about 15 inches in height. It is a clear light blue on the order of Aline but much smaller. It is an excellent border iris. Very limited. **Each \$1.00**

DAMASCUS (Tompkins 1945): M. 38 in. A large and broad petaled iris in a clear rich Spanish yellow with a shining overlay of copper orange on the falls. Good stalks and well branched. **Each \$1.50**

DAMERINE (Gage 1939): M. 36 in. A large flower of deep rich red with domed standards and wide flaring falls. In 1940 it received the Bronze Medal of the American Iris Society at the New York World's Fair. An excellent iris. **Each 50c; 3 for \$1.25**

The standards are oyster-shell white, the falls are frosted chartreuse yellow with a red-violet area around the beard and radiating out into lines. Petals have some fluting. An iris of fine form and branching. H.M., A.I.S. 1944. A 1947 winner. **Each \$1.50; 3 for \$3.75**

LADY NAOMI (Fay 1941): M. 38 in. A dainty plicata whose white background is veiled over the finest network of soft pale lavender. The beard is orange and the haft is marked with orange. Flowers are large. **Each 50c; 3 for \$1.25**

LAKE GEORGE (Smith 1945): M.L. 38 in. A trim flaring rich blue iris shading darker at the haft. Standards rounded and falls slightly ruffled. The beard is light yellow with a tipped blue end. This iris holds up well in the sun. **Each \$2.00; 3 for \$5.00**

LAKE HURON (Sass 1942): M. 36 in. An extremely deep and intense blue and when first opening the falls are almost blue black but when fully open are an intense blue. Standards are blue and it has a yellow beard. **Each 50c; 3 for \$1.25**

LANCASTER (Cook 1940): M. 36 in. A coppery old rose blend with a slight touch of gleaming yellow; of bold growing habits and enormous blossoms. This is a uniquely colored iris and a good one. **Each 50c; 3 for \$1.25**

LYNN LANGFORD

LAVENDER AND GOLD LACE (Whiting 1946): M. 36 in. A distinctive iris with standards of golden yellow flushed with lavender and edged with a crimped finish. The falls are lavender with a distinct frill of gold, so crimped that it looks like a lace edging. **Each \$1.00**

LIGHTHOUSE (Salbach 1936): L. 36 in. The standards are a blend of rose and yellow, and the falls a coppery old rose. The whole flower is very bright and seems to glow. Hardy and increases rapidly. H.M. 1937, A.M. 1940. **Each 50c; 3 for \$1.25**

L. MERTON GAGE (Lapham 1942): E.M. 40 in. Light raspberry pink and cream yellow. In effect a pink iris with pale salmon standards and fall of rosaline pink. This is a fine garden iris and is sure to please you. **Each \$1.00; 3 for \$2.50**

LODESTONE (Whiting 1950): M. 32 in. Very deep chrome yellow to orange slightly deeper on the falls. An excellent garden iris as it makes a decided touch of color and always draws attention. The plants are very hardy and prolific. **Each \$3.50**

LORD OF JUNE (Yeld): M. 36 in. A large lavender blue bi-color that is a fine iris to use in contrast with reds and whites. The standards are very erect and the falls have a slight flare. This is a very pleasing iris. **Each 40c; 3 for \$1.00**

LOTHARIO (Schreiner 1942): M.L. 38 in. An iris of great beauty having light lavender blue standards and rich velvety purple falls. The flowers are large, and of the type of Amigo and Louise Blake but much taller. H.M., A.I.S. 1945. **Each \$1.50; 3 for \$3.75**

LOUISE BLAKE (Smith 1943): M. 30 in. Similar to Amigo but slightly smaller. The standards are pale sky blue with the falls being a velvety blue-purple edged sky-blue. A really lovely iris. **Each \$1.50**

LOUIS PASTEUR (Callis 1939): M. 31 in. A white iris with a decided yellow tone in it. This is one of the older varieties of iris in our garden but always attracts attention. **Each 40c; 3 for \$1.00**

LOUVOIS (Cayeux 1936): M. 34 in. A very rich velvety brown iris. The standards are light chocolate in color and the falls rich red-maroon edged like the standards. The rich coloring makes it very attractive. **Each 50c; 3 for \$1.25**

LUCERNE (Salbach 1940): M. 36 in. One of the finest and bluest iris in our collection. Large blooms of clear deep blue, almost a self, with standards slightly lighter in color than the flaring falls. The flowers are beautifully poised on strong stalks. **Each 50c; 3 for \$1.25**

LULLABY (D. Hall 1943): M. 36 in. A handsome rich orchid pink. The standards and falls are same color. The flowers are large and rounded and have no haft markings, and the branching is good. **Each \$1.00; 3 for \$2.50**

LYNN LANGFORD (Hall 1946): M. 36 in. A deep toned orchid pink flower with yellow center and no veining, of fine form and substance and on strong stalks. A free bloomer. H.M., A.I.S. 1946. **Each \$3.50**

LIGHTHOUSE

LOUVOIS

MOROCCO ROSE (Page 20)

MAGNIFICA: 42 in. Very fragrant. A crimson toned bi-color, one of the finest of the moderate priced iris. A constant prize winner.

Each 40c; 3 for \$1.00

MAIDEN BLUSH (Hall 1943): M. 35 in. A beautiful apricot pink. It is a self with no haft markings, has domed standards and semi-flaring falls and the substance is heavy. It is hardy and produces an abundance of blooms.

Each 75c; 3 for \$2.50

MAID OF ASTOLOT (Sass 1936): E. 45 in. A white and blue plicata with stitching on the haft. The white standards are closed and they are lightly edged with blue. The blossoms are slightly fragrant and are well spaced on the stems.

Each 50c; 3 for \$1.25

MAJENICA (Cook 1941): M. 36 in. The large flowers are of bright salmon pink, well formed with broad petals and heavy substance and long lasting quality. Free flowering. H.M., A.I.S.

Each 60c; 3 for \$1.50

MARQUITA (Cayeux 1931): M. 40 in. The standards are rich ivory deepening to sulphur at the base. The falls are the same color with narrow stripes of pink. A.M. 1936.

Each 40c; 3 for \$1.00

MARY CLOTILDE (Kimish 1944): M. 40 in. A new large light powder blue flower of pleasing semi-flaring form with a cool beard of white tipped with blue. This fragrant iris is perfectly shaped and makes a fine garden effect.

Each 75c; 3 for \$2.00

MARY E. NICHOLLS (Nicholls 1939): M.L. 34 in. Warm creamy-white flowers of smooth satiny texture and heavy substance. There is a green-gold overlay at the haft. The form is fine, it blooms freely and increases rapidly. One of the most popular of this color. A.M. 1943.

Each 40c; 3 for \$1.00

MARY SENNI: 42 in. Early, very fragrant. Huge flowers which class with the giant Nene, Gudrun and Marquita. The standards are soft lilac flushed with very soft reddish brown. The falls are deep violet with marginal tips, the color of the standards. When first introduced this plant sold for \$25.00. Now—

Each 65c; 3 for \$1.50

MARY VERNON (McKee 1942): M. 37 in. A blended variegata with gold standards lightly flushed with red. The falls are rich Chianti red with a narrow border of gold. Excellent form and branching.

Each \$1.50

MASTER CHARLES (Williamson 1943): M. 38 in. The large flowers are well rounded and of rich glowing mulberry color. There is some brown at the haft and the beard is mulberry tipped brown. Good stalks and branching. Judged 5th best iris in 1950.

Each \$1.50; 3 for \$3.75

MATTIE GATES (Sass 1946): M.L. 38 in. Standards of bright cool yellow, lemon tinted, with falls bright gold banded on the crisp white heart of the falls. This exquisite flower is hard to describe but it is very outstanding and greatly admired.

Each \$10.00

MATTERHORN (J. Sass 1938): E.M. 38 in. Pure white with no other markings, well rounded large flowers with sparkling sheen and firm substance together with broad flaring falls and excellent branching make this one of the finest white irises.

Each 50c; 3 for \$1.25

MATULA (H. Sass 1939): L. 38 in. A blend of brilliant rose, rich orange, crimson and buff. The flowers are very large with waved and crimped falls. H.M. 1939.

Each 40c; 3 for \$1.00

MAY TIME (Whiting 1950): M. 36 in. A pink toned amoena, clean and fresh in coloring. The standards are pale orchid pink, the falls much deeper. The flowers are large, the petals wide and full, the form graceful. Very hardy and a good increaser.

Each \$20.00

MELANIE (Hillson 1941): M. 44 in. An orchid pink with nicely ruffled flowers of good substance. The stalks and branching are good. H.M., A.I.S. 1941.

Each 50c; 3 for \$1.25

MELITZA (Nesmith 1940): M. 38 in. The color is a salmon flesh pink. The ivory pink standards are domes and the falls have a deeper flush around the pinkish tangerine beard. Medium sized flowers on well-branched stalks. H.M., A.I.S. 1940. A.M., A.I.S. 1942.

Each 50c; 3 for \$1.25

MICHAEL (Norton 1946): M. 36 in. A very smooth blend of bridal rose and pink with a canary colored beard, and crinkled edges on standards and falls. A very beautiful iris.

Each \$2.50; 3 for \$6.50

MICHELANGELO (Weed 1936): M. 40 in. A uniform dove grey throughout. Very unusual.

Each 50c; 3 for \$1.25

MASTER CHARLES

MELITZA

MIDWEST GEM (H. Sass 1937): M. 38 in. A peach-buff iris with a flush of pink. The large flowers have nicely crinkled edges. H.M., A.I.S. 1937. **Each 50c; 3 for \$1.25**

MING YELLOW (Glutz 1938): M.L. 36 in. One of the largest stateliest yellows. The color is clear and smooth and without veining. The petals are large and broad and the beard yellow. H.M. 1938. A.M. 1941. **Each 75c; 3 for \$2.00**

MINNIE COLQUITT (H. Sass 1942): M. 40 in. A great white plicata with a broad border of wine-purple stitching on standards and falls. The stalks and the plants are vigorous. A.M., A.I.S. 1945. Illustrated on page 2. **Each \$1.50; 3 for \$3.75**

MISS ARAVILLA (Sass 1938): M. 34 in. A variegata blend of medium size that will produce a mass of color in your garden. The standards are deep gold and the flaring falls orange red. **Each 40c; 3 for \$1.00**

MISS CALIFORNIA (Salbach 1936): M.L. 48 in. This gigantic pink iris is a very strong grower, a free bloomer and blooms a long time. The flowers are a lilac pink much like Frieda Mohr and it is good in every way. We highly recommend it. H.M. 1938. **Each 50c; 3 for \$1.25**

MISSOURI (Grinter 1933): M. 36 in. The flowers are broad and flaring, fragrant, a medium blue and the texture is like fine enamel. It won the Dykes Medal in 1937. Color illustration on page 16. **Each 50c; 3 for \$1.25**

MISSOURI NIGHT (Calles 1938): M. 34 in. An iris of very rich indigo blue with a deep brown at the center and a bright orange beard. This is a very fine iris and we can recommend it to you. **Each 50c; 3 for \$1.25**

MISTY ROSE (Mitchell 1943): M. 46 in. A distinct iris, well described by its name. The standards are pearly pink, falls deeper, suffused brownish rose below the beard. An attractive iris. **Each 75c; 3 for \$2.00**

MME. LOUIS AUREAU (Cayeux 1934): M. 34 in. A French importation that is both unique and beautiful. Standards are silvery white, heavily overlaid with a rose heliotrope; falls are slightly deeper and heavily sanded and stitched with deeper heliotrope. **Each 40c; 3 for \$1.00**

MME. M. LASSILLY (Cayeux): M. 36 in. Rich blue bi-color with standards of bright lilac and the falls a deep purple with a lilac edging. Somewhat similar to Amigo but larger. Winner of the Dykes Medal 1935. **Each 50c; 3 for \$1.25**

MODISTE (Hall 1938): M. 38 in. A beautiful self of pale mauve, quite different from other pale blues and lavenders in our gardens. It is a flower of broad hafts, full rounded shape, and ideal growing habits. The stems are well branched and heavy. Illustrated on page 3. **Each \$1.00; 3 for \$2.50**

MOHRSON (White 1935): M.L. 34 in. Huge flowers of medium purple, veined and marbled deeper purple, orange beard. A.M. 1937. **Each 50c; 3 for \$1.25**

MOONLIGHT MADONNA (J. Sass 1934): M. 36 in. The flowers are large, rounded and of lemon ice color. There is some ruffling and the texture is good. An exquisite flower much like Elsa Sass. H.M., A.I.S. 1943. A.M. 1945. **Each \$1.00; 3 for \$2.50**

MOONLIT SEA (Sass 1943): M.L. 36 in. H.M., A.I.S. A very unusual iris with the background being white and very heavily overlaid with lavender violet and mulberry purple that very little of the white shows. The haft is empire yellow. This is a real novelty. **Each 50c; 3 for \$1.25**

MOROCCO ROSE (Loomis 1937): M.L. 36 in. A warm, soft rose pink, with a soft yellow glow at the center and a pleasing yellow beard. The size and form are good and it is much in demand. A 1947 winner. H.M. 1937. **Each 60c; 3 for \$1.50**

MRS. J. L. GIBSON: A very rich royal blue with lustrous silky standards on velvety falls. The blooms are large and well spaced on strong, sturdy stems that grow 3 feet high and withstand stormy weather. **Each 40c; 3 for \$1.00**

MT. HERMON (Lowry 1945): M. 42 in. One of the very best of the whites, this cool thick textured flower has ruffled close-cupped standards that are edged with silver. The falls are semi-flaring with no visible markings around the pale lemon yellow beard. This fragrant iris withstands wind and rain. **Each \$4.00**

MULBERRY ROSE

MULBERRY ROSE (Schreiner 1941): M. 40 in. Large flowers of deep mulberry rose with a brown flush and heavy bronze beard. The form and substance are good and the stalks well branched. A.M. 1944. **Each \$1.00; 3 for \$2.50**

MUSICAL (Dykes): 32 in. Huge flowers with erect pure mauve standards and straight hanging brilliant blue falls with a pure white throat with deep blue veinings. A silver Medal Winner. **Each 40c; 3 for \$1.00**

MYSTIC SHRINE (Weed 1944): M.L. 36 in. A copper rose with heavy brown venations with an orange beard brightens this lovely novelty iris. The standards are slightly ruffled and are of blue gray and lavender and are closed. It is a rapid multiplier. **Each 50c; 3 for \$1.25**

NARANJA (Mith. 1935): M.L. 38 in. This flower is of very unusual coloring in that it is a distinctly orange yellow. The orange is most pronounced in the bud stage, and later in the falls. The size is large and it is a good iris. A.M. 1937. **Each 40c; 3 for \$1.00**

NED LEFEVRE (Lapham 1942): M.A. 38 in. A rich colored blend of salmon and copper tones. A strong grower with nicely formed flowers on well branched stalks. **Each 75c; 3 for \$2.00**

NEW SNOW (Fay): The name describes this beautiful white bloom perfectly as it is as clear and bright as freshly fallen snow. The flowers are ruffled and set off by a full bright yellow beard. **Each \$5.00**

NIGHTFALL (Hall 1942): M. 36 in. A very richly colored flower with dark, velvety, pansy-violet falls. Standards are lighter colored, making a pleasing contrast. The substance is glistening and plush-like. A.M. 1945. **Each 75c; 3 for \$2.00**

NOONDAY SKY: 40 in. Large, lavender-blue flowers with light veining of maroon on a white background at the haft. Semi-flaring falls. Slightly fragrant. Always a favorite. **Each 50c; 3 for \$1.25**

NUMA ROUMESTAN (Cayeux): M. 35 in. A rich amaranth-red iris with a plush-like texture. This is a French creation and is a very reliable bloomer. **Each 40c; 3 for \$1.00**

NYLON (Whiting 1940): M.L. 34 in. The flowers are of golden buff with suffusion of beige rose. They are smoothly finished on medium height well branched stalks. **Each 50c; 3 for \$1.25**

OLA KALA (J. Sass 1943): M. 38 in. A very rich deep yellow that is almost orange. Very brilliant. Standards are closed, falls semi-flaring with light ruffling. The flowers are long lasting and on extra good stalks. Judged best iris in 1949 Symposium. A.M., A.I.S. 1945. **Each \$1.00; 3 for \$2.50**

PAINTED DESERT

OLD PARCHMENT (Kleinsorge 1939): M. 38 in. The large flowers are creamy white, with domed standards and flaring falls of excellent texture. A.M., A.I.S. 1941. **Each 50c; 3 for \$1.25**

WABASH

VELVET DUSK (Schreiner 1948): M. 36 in. This descendant of Sable carries the same rich black-violet tones. The blooms are full, well flared and carried on well branched stems. A lovely bluish-brown beard completes the charm of this iris. **Each \$5.00**

VIOLET SYMPHONY (Smith 1940): M. 40 in. The flowers are large, with domed standards and wide falls and have an especially finished appearance with no veining. It is an exquisite violet colored self. A.M., A.I.S. 1943. **Each 75c; 3 for \$2.00**

WABASH (Williamson 1937): M. 38 in. This is one of the most popular irises ever introduced. The standards are pure white and slightly ruffled. The falls are velvety purple with a white border. It is a free bloomer and a top notch iris. A 1947 winner. H.M. 1937, A.M. 1938, Dykes Medal 1940. **Each 50c; 3 for \$1.25**

WHITE GODDESS (Nesmith 1936): M. 40 in. Very large glistening pure white flowers slightly ruffled, with domed standards and arched flaring falls. H.M., A.I.S. 1936. **Each 50c; 3 for \$1.25**

WHITE WEDGWOOD (Grant 1943): E.M. 38 in. Outstanding large icy blue white with a blue beard. Flowers have strong substance with closed and domed standards and semi-horizontal falls. A heavy dark blue beard sets it off. **Each \$1.50; 3 for \$3.75**

WINNESHIEK (Egel. 1931): M. 30 in. Lightly ruffled flowers of intense black blue with standards a little lighter than the falls. **Each 40c; 3 for \$1.00**

WINTER CARNIVAL (Schreiner 1941): B. 38 in. Very large snowy white flowers with gold at the throat. Petals are stiff and flaring, nicely proportioned and stalks well branched. A grand white. H.M., A.I.S. 1942. **Each \$1.00; 3 for \$2.50**

WM. MOHR (Mohr 1925): E.M. 28 in. This is the finest of the Pogocyclus group. Very large lavender-violet with manganese violet veining. A very popular iris. **Each 40c; 3 for \$1.00**

ZUA (Crawford): A crinkled white iris that does not grow very tall. The foliage is excellent and you will find that it is a fine flower along the driveway and in the foreground. **Each 40c; 3 for \$1.00**

ZWANENBURG (Denis): 20 in. A tall flowering, very early variety, one of the best bloomers of all. The foliage has a lustrous, silky texture of cream, splashed maroon. **Each 40c; 3 for \$1.00**

SHIPPING INSTRUCTIONS

Please assist us by following the instructions below:

- Shipments are made by prepaid parcel post or express and we ask advice on this.
- Please use check, draft or money orders as our terms are cash with order and we are unable to accept any C.O.D. shipments. No order under \$2.00 accepted.
- All orders are filled in rotation and we start shipping July 1st, therefore, we suggest that you place your orders early while stock is complete.
- Unless otherwise ordered we will substitute, for a variety that is sold out, a plant of equal or better value. Money will be refunded when substitution is not desired.
- In the state of Washington please add 3% Sales Tax to your orders.

IRIS PLANTING AND CULTURAL DIRECTIONS

PLANTING YOUR NEW IRIS

SPACING FOR GROUPS OF IRIS IN THE GARDEN

NEVER ALLOW PLANTS TO GET CROWDED

TIME TO PLANT

Iris rhizomes should be planted from July until late in the fall. We do not recommend that you plant in the extreme heat but if it is necessary to do so they should be kept moist and the soil loose. If your winters are cold we suggest an early planting to enable the feeder roots to become well established.

HOW TO PLANT

Plant your Iris as soon as received. If you are unable to plant immediately open your package and spread the roots in a cool place and keep them dry. In light soils plant the rhizome just under the surface of the ground in a hole large enough to allow the full spread of the roots. The top of the new iris should be just above the level of the ground and in case of very light sandy soils you should plant slightly deeper. At the time of planting be sure your soil is damp and pack it firmly around the plant.

WHERE TO PLANT

Select a sunny well drained location where the soil is light and easy to work. Be sure that there is no water standing around your new plant as this will cause rot. Iris should have a minimum of a half day of sunshine.

PLANTING DISTANCE

If you have plenty of room in your garden you may space your plants as far as two feet apart although a mass effect will be given if they are planted closer. In some cases they are planted as close as 10 inches but it is necessary to separate them oftener.

HOW TO CULTIVATE

As your new plant is planted very close to the top of the ground you should cultivate very shallowly in order not to disturb the feeder roots. Clean cultivation is essential as the rhizome likes sunlight. Therefore, keep all dead leaves and foreign matter away from the plant.

HOW TO WATER

It is very difficult to set a hard and fast rule that will govern the watering of iris in all parts of the country. As soon as you have planted your new iris it should be watered and kept damp until the root system is established. Iris does not require a great amount of water, but should be cultivated soon after watering to prevent the ground from caking.

HOW TO FERTILIZE

Fertilize with a non-acid forming fertilizer as iris prefer a non-acid soil. Steamed bone meal for superphosphate may be used at the time of planting by mixing in a handful and working well into the soil. If you prefer you may do this in the spring. A complete fertilizer such as Vigoro may be used and we suggest that you dust this around your plants. We do not recommend the use of barnyard manure unless it is well rotted and thoroughly worked into the soil before planting time. Be sure that the manure does not come into direct contact with the rhizome.

GENERAL INSTRUCTIONS

All iris tend to make clumps and to avoid a root bound condition they should be separated every three or four years. This should be done in mid-summer and as some varieties multiply very rapidly care should be taken in selecting those to be separated.

IMPORTANT

Do not be alarmed if some rhizomes in your shipment are larger than others as certain varieties tend to grow larger than others although the smaller plants are just as healthy.
